
In green shaded zones, access to the refinery site is permitted without safety equipment. Please observe the yellow lines on the floor of the refinery site and do not cross them.

If you wish to cross the yellow lines, safety equipment (helmet and safety shoes) is required.

In zones marked in red, access is only permitted when accompanied by an employee and wearing full safety equipment, please pay attention to the red lines on the floor of the refinery site.

Behavior for visitors to the refinery site

AVISTA OIL Deutschland GmbH
Bahnhofstraße 82
31311 Uetze

We would like to thank you for visiting our facility in Dollbergen.

The safety of our visitors is our top priority.

Therefore, it is important for us to give you the most important safety instructions for behavior as a visitor at our premises in advance.

Did you know that most accidents can be avoided with just a little more attention?

That is why we ask you to please take a notice at the most important safety instructions as a visitor aqt AVISTA OIL.

In principle, the following applies:

- Please keep your visitor‘s badge always ready
- Do not stay alone on the refinery site
- Please pay attention to warning notices and signs
- In critical situations, follow the instructions of your host
- Please don‘t cross the yellow markings - stay within the green areas shown on the map
- Please only use the doors for pedestrians
- Please note that open fires and smoking are not permitted - we have set up designated smoking areas for smokers

Protection of our property

Of course, protecting our property is important to us.

In order to protect this, visitors are not permitted to take photos or video recordings with cameras, mobile phones or other devices without permission.

Inside buildings, mobile phones are can be used.

More about AVISTA OIL

on our website www.avista-oil.de:

Safety guidance system for visitors

To make your stay safe and pleasant, we have introduced a risk-based safety guidance system for visitors.

This enables us to set up visitor routes that are possible for you without additional protective equipment and instruction.

Access to the refinery without safety equipment is permitted in zones marked green (site plan) or yellow (site).

If required, our employees will provide you with the required protective clothing required and will instruct you if necessary.

We wish you a pleasant stay!
